

Ega worldwide's Claudia Golinelli elected to the Board of Roma & Lazio Convention Bureau

At the General Assembly of the Roma & Lazio Convention Bureau held at the Fiera di Roma on 7th July 2020, Claudia Golinelli, Vice-President and Partner of Ega worldwide congresses & events was elected to the Board of Directors of the Roma & Lazio Convention Bureau as fiduciary and in charge of Federcongressi & Eventi, the Italian Federation of the Meeting Industry.

"I am very happy to have been elected to the Board of Directors. Our family company, founded more than 55 years ago by my mother Emma Golinelli Aru, is strongly connected and committed to Rome and I thank the members of the Convention Bureau and Federcongressi & Eventi for the trust I have been given to represent the meeting industry"

The Roma and Lazio Convention Bureau was established as a limited liability consortium company on 21st June 2017 with a team of partners currently made up of 150 operators from the Meeting & Event Industry supported by culture and transport operators. International and prestigious congress centres such as the "Nuvola", the Auditorium Parco della Musica, fairgrounds such as the Fiera di Roma, strategic players such as the Rome airport system, or transport operators such as Trenitalia, Alitalia, major sports operators, service providers, business and luxury oriented hotels, PCOs, DMCs and Incentive Houses of international size and experience, theatres, theme parks and technical service operators are part of the Convention Bureau Roma and Lazio.

Ega worldwide congresses & events is highly specialised in international association conferences, institutional and governmental meetings and corporate as well as public events.

Led by Claudia Maria Golinelli, full professor of event management at the University of Rome Tor Vergata, Ega has offices in Rome, Milan and Basel. The partnership with the World PCO Alliance, the accreditation by IAPCO, the different ISO certifications (9001, 14001 and 20121), the memberships with ICCA and PCMA as well as the MedTech Europe Trusted Partner certification guarantee highest quality standards, reliability and efficiency.
